## I. INTRODUCTORY SECTION

January 28, 2021

**To the Honorable Members of the Board of Public Education for Bibb County and Citizens of Bibb County, Georgia:**

As required by State law Official Code of Georgia Annotated (“O.C.G.A.”) §50-6-6, every general-purpose local government must publish a complete set of audited financial statements at the close of each fiscal year. This report is published to fulfill that requirement for the fiscal year ended June 30, 2020.

Based upon a comprehensive framework of internal control that it has established for this purpose; management assumes full responsibility for the completeness and reliability of the information contained in this report. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute assurance that the financial statements are free of any material misstatements.

Mauldin & Jenkins, Certified Public Accountants, LLC, has issued an unmodified (“clean”) opinion on the Bibb County School District’s financial statements for the year ended June 30, 2020. The independent auditor’s report is located at the front of the financial section of this report. A single audit was also conducted to meet the requirements of Title 2 *U.S. Code of Federal Regulations Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The results of the Single Audit are presented in the last section of this report.

Management’s Discussion and Analysis (“MD&A”) immediately follows the independent auditor’s report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

## PROFILE OF THE BIBB COUNTY SCHOOL DISTRICT

Bibb County, the 55<sup>th</sup> county formed in Georgia, was created in 1822 and built up to support Macon, a town which had sprung up across the Ocmulgee River from the frontier post known as Fort Hawkins. Houston, Jones, Monroe and Twiggs counties gave up territory to create Bibb, which takes its name from a distinguished Georgian, Dr. William Wyatt Bibb. He was Alabama’s first elected Governor. Macon bears the name of a North Carolinian, Nathaniel Macon.

On July 31, 2012, the voters of Macon and Bibb County approved Georgia House Bill 1171, creating a consolidated Macon-Bibb County government with a nine-member commission led by an elected mayor who serves as the president of the Board of Commissioners. The new Macon-Bibb County government was sworn in on Tuesday, December 31, 2013 before a crowd of hundreds at City Hall, unifying the city and county 17 months after voters approved consolidation and nearly a century after the idea was first seriously proposed. The merger of the city and county became effective on January 1, 2014. The new governmental entity is called Macon-Bibb County.

The Bibb County School District (the “District”) is a political subdivision of the State of Georgia, the boundaries of which are coextensive in the territorial limits of Macon-Bibb County. The District is separate from and legally and fiscally independent of the Board of Commissioners and all other political subdivisions in the state. The District is the only public school district in Macon-Bibb County and is vested, pursuant to constitutional authority, with the power to conduct a system of public education within its boundaries.

The Board of Public Education for Bibb County (the “Board”) is the official governing body of the District and as such is responsible for the operation of all public schools within Macon-Bibb County, excluding two state charter schools, CIRRUS Academy and ACE Academy. Annually, the Board elects a President, Vice-President, and Treasurer. The Superintendent also serves as an ex-officio Secretary of the Board. The Superintendent is appointed by the Board for a term that is determined by the Board. As its Chief Executive Officer, the Superintendent has general supervisory and administrative responsibility for all departments and personnel of the District. The Georgia Constitution provides that the management and control of the School District shall be under the Board of Education. The eight elected Board members have policy and decision-making authority.

The District embraces a long-held tradition of excellence in education and is committed to providing achievement and performance for every school, for every classroom, and for every child. A pervasive belief within this system of schools is that each student, regardless of socio-economic status, race, neighborhood, or family structure, deserves an education that will establish a foundation for life-long success. The District's full-time student enrollment ("FTE") in October 2019 was 21,812, a decrease of 2,065 from the prior year. Of this 2,065 FTE decline, 1,708 was a result of ACE Academy Charter School becoming a state charter school and thereby not being included in District's FTE count. Therefore, the decline excluding ACE Academy was 357 FTE's. The October 2020 FTE declined an additional 439 to 21,373 FTE's. Regardless of economic status, 100% of our students are eligible for meal service at no charge because of the Community Eligibility Provision, which is part of the Healthy, Hunger-Free Kids Act of 2010 of the National School Lunch Program ("NSLP"). The District employs approximately 3,475 employees, including over 1,600 teachers. It is the responsibility of each employee within the District, regardless of job title, to do his/her part to provide a thorough and efficient educational program for all students. Through collaborative efforts, District employees ensure that all pre-kindergarten through twelfth grade students attending Bibb County schools are provided a high-quality education in a safe and comfortable environment and that human and technological resources are effectively utilized in preparing graduates for post-high school objectives. The District recognizes its obligation to the greater community to create an educational system that will encourage community growth and enhance the quality of life for all citizens.

The standard curricula provides a solid educational foundation for the students served in our 22 elementary, six middle, and six high schools. Included in these numbers are three elementary, one middle school, and five high school magnet programs as well as a college and career academy that provides CTAE courses aligned to post-secondary credentials. Students from throughout the District may apply to attend any of the magnet schools. Elementary magnet offerings include math and science, fine arts and communicative arts.

Additionally, there are three specialty programs designed to serve specific student populations. *Northwoods Academy* serves regular pre-kindergarten students along with special needs students in collaborative environments. *Elam Alexander Academy* is a community-based delivery system that serves severely emotionally disturbed/behavioral disordered students and students with autism from Macon-Bibb County as well as six surrounding counties. The *Bibb County Alternative School* (currently known as SOAR Academy) provides a structured and positive learning environment in an alternative setting for students who have chronic aggressive behavior issues and have gone through the documented Response to Intervention ("RTI") process without positive results.

Other highlights of the Bibb County School District include:

- Gifted Programs
- System-wide Special Education Instruction
- Advanced Placement and Pre-Advanced Placement Programs
- Technology/Career Education Programs
- 21<sup>st</sup> Century Classroom Technology
- Instruction of English to Speakers of Other Languages
- School House Health Services
- Mentors and Tutoring Programs
- Before and After-School Programs
- Apprenticeship Programs
- Athletics and Physical Education

The District is required to adopt an initial budget for the fiscal year no later than June 30<sup>th</sup> preceding the beginning of the fiscal year on July 1<sup>st</sup>. This annual budget serves as the foundation for the District's financial planning and control. Effective with the Fiscal Year 2017, the budget is now adopted at the legal level of budgetary control which is the departmental level. The District converted to a new accounting software system (MUNIS) during the FY2016-2017 school year. Due to this conversion, the legal level is now at the departmental level instead of the previous budget center level. The Superintendent has broad discretion to delegate the authority to transfer operational appropriations within the departmental level as necessary to ensure the efficient operation of schools and departments within the District.

**LOCAL ECONOMY**

One of Macon’s key strengths is its strategic location in the heart of Georgia. At the crossroads of interstates 75 and 16, and just 75 minutes south of Atlanta, Macon has become an attractive location for businesses. A population of over 153,095 in a 30-mile radius; four major seaports within a four-hour truck travel time; international airfreight facilities only 75 minutes away; two railroads and the largest rail switching center on the East coast make Macon an ideal location. A strategic location and small-town attributes coupled with the amenities of a larger city, Macon is the place where people come from all over Middle Georgia to work; receive state of the art medical services; attend Medical, Engineering, and Law Schools; receive award winning information technology training; and enjoy a wide variety of retail, restaurants, and entertainment offerings.<sup>4</sup>

Macon-Bibb County is filled with cultural and entertainment opportunities. Macon-Bibb County is the home of over ten museums, five tours, seven annual festivals, and a multitude of events including the Macon Cherry Blossom Festival, Ocmulgee Indian Festival, Tubman Pan African Festival, Mid-Summer Macon, Arrowhead Indian Festival and many others. In addition to Capricorn Records, the list of musicians who have called Macon 'home' includes such notable performers as "Little Richard" Penniman, Otis Redding, the Allman Brothers Band, Robert McDuffie and Jason Aldean. In the Museum District you will find Georgia’s largest African American Museum; the Tubman African American Museum and the Georgia Sports Hall of Fame. The Museum of Arts and Sciences is an additional attraction offering visitors extraordinary exhibits and educational opportunities. Macon-Bibb County has two theater groups, the Macon Little Theatre and Theatre Macon. Three local colleges also offer regular season performances. The Macon Ballet and touring groups perform here regularly, with the Nutcracker of Middle Georgia each holiday season. The Macon Symphony Orchestra and the Macon Pops perform with local and national musicians.<sup>4</sup>

The exceptional quality of higher education available in Macon-Bibb County is increasingly recognized as a valuable community asset. One of the most beneficial features of Macon-Bibb County's network of local universities, colleges, and technical schools is its visionary approach to developing specific employee training programs for individual industries and companies, including courses developed specifically for GEICO at Middle Georgia State University and Central Georgia Technical College to Mercer University's School of Engineering internship and co-op programs with area businesses. These alliances have fostered a positive and invaluable relationship between local businesses and educational institutions.<sup>4</sup>

At approximately 608 square miles, Macon-Bibb County is the 13<sup>th</sup> largest of Georgia’s 159 counties and ranks 15<sup>th</sup> in the state with a population total of 153,159. According to the Georgia Department of Labor, Macon-Bibb County had a 2019 civilian workforce of 67,896 <sup>2</sup> with a 4.2% unemployment rate.

A listing of the major employers of Macon-Bibb County, GA is provided in the schedules which follow:

On December 21, 2016, the Macon-Bibb County Industrial Authority (“MBCIA”) and the Macon Economic Development Commission (“MEDC”) announced that the two groups had signed an agreement to restructure the Economic Development Team for Macon-Bibb County, Georgia that was effective January 1, 2017. During that month, the two groups transitioned the MBCIA into the role as the single point of contact for industrial recruitment in Macon-Bibb County. In this new role, the MBCIA is responsible for marketing Macon-Bibb County to new businesses and industries, and is responsible for Authority Resource (land, incentives, etc.) involved in the recruitment process. The MEDC continues to focus on Talent Recruitment/Retention, Workforce Development, Exiting Industry/Retention and Growth, and Entrepreneurship/Small Business Development for Macon-Bibb. This new agreement strengthens Macon-Bibb’s economic development team, a team that has been recognized for excellence across the state and the South, says MEDC Chair Starr Purdue. <sup>4</sup>

**Other Economic Development News:**

In June 2017, Macon-Bibb’s Tyson Foods Distribution Center announced plans to expand its current facility from about 182,000 square feet to 345,000 square feet and add over 100 jobs. This includes a \$59 million investment and a 152,000 square foot addition to the existing facility.

In August 2017, Irving Consumer Products announced plans to locate a \$400 million manufacturing plant in Macon-Bibb County, creating 200 jobs. The 135-year-old Canadian based family business produces premium household store brand paper products for a variety of top retailers. The company plans to locate a state of the art 700,000 square foot facility in the Sofkee Industrial Park. <sup>4</sup>

In October 2017, Governor Nathan Deal announced that Amazon, Inc. will create more than 500 full-time jobs at their new fulfillment center to be located in Macon-Bibb County. This will be the company’s fourth fulfillment center in the state of Georgia. Amazon will lease one million square feet of industrial space in Macon for the facility. The newly created jobs will include warehouse, management and supervisory positions. As a result, Amazon will invest \$90 million in Macon-Bibb County. That includes \$5.7 million for the site located on Skipper Road.

In December 2017, Atlanta-based Graphic Packaging Holding Company stated that it will invest \$136 million in the modernization of its Macon mill helping retain more than 460 manufacturing jobs according to an announcement by the Georgia Department of Economic Development (“GDEcD”) and the Macon-Bibb County Industrial Authority. GDEcD stated Georgia successfully competed against other states to win this investment. Graphic Packaging’s Macon Mill makes paperboard used in packaging for the food and beverage industry.

In August 2018, after 11 years of doing business in Macon, Nichiha Corp. announced plans to expand its plant and add more than 70 jobs to the current 161. The Japan-based company will invest \$120 million in the expansion. The 74 new jobs will include positions in management and operations. Nichiha specializes in fiber cement products made for interior and exterior uses and for commercial and residential applications. The finished product can be made to look like stone, brick or other composites.

In November 2018, Stevens Aerospace and Defense Systems announced plans to move its large-cabin business jet operation from the company headquarters facility in Greenville, North Carolina to Macon, Georgia. This move will create 150 new jobs in their Macon-Bibb 48,000 square-foot facility located at the Middle Georgia Regional Airport.

Embraer is the third largest aircraft manufacturer in the world and in 2018 brought more than 100 jobs to Macon. Embraer operates out of a 155,000 square-foot facility at the Middle Georgia Regional Airport. The company performs commercial jet aircraft maintenance services. Embraer signed a three-year lease with the option to renew for three additional years. The company based in Brazil invested about \$1.6 million into the facility and for operations.

In October 2019, Dean Baldwin Painting, a private company headquartered in Texas providing strip and paint services for military and commercial aircrafts, will invest \$21,450,000 to build a new, four bay service hangar at the Middle Georgia Regional Airport, creating 115 new jobs in Macon-Bibb County. This new state-of-the-art strip and paint facility will be approximately 127,000 square feet in addition to office, warehouse and aircraft ramp space.

**Robins Air Force Base:**

Robins Air Force Base in Warner Robins, Georgia is located approximately 16 miles south of Macon-Bibb County is the largest industrial complex in Georgia. According to the installation’s latest economic impact statement, Robins contributed \$3.38 billion to the Georgia economy in fiscal 2019. According to the fiscal 2019 statement, Robins had a total workforce of 23,967, which is made up of 14,821 appropriated fund civilians, 6,188 military members and 2,958 other employees. The report further states that Robins Air Force Base spent \$1.54 billion in salaries. The largest portion of that payout money, \$1.12 billion, was paid to civilians working on the base, while military members accounted for \$400.8 million, and non-federal civilians and contract employees accounted for just above \$14.8 million. Additionally, the base awarded \$7.1 billion in contracts. Of that amount, the base awarded \$518 million to

Georgia firms, with the lion's share - \$224 million – to firms in Houston County. The top five contractors in terms of contracts awarded were Boeing, Northrup Grumman, Lockheed Martin, General Atomics and Raytheon.<sup>5</sup>

**Bonds of 2020** In July 2020, the District issued \$15,550,000 of general obligation bonds. These bonds will be paid over a five-year period from proceeds of the 2021 ESPLOST sales tax proceeds.

**LONG-TERM FINANCIAL PLANNING**

The Finance Division provides Multi-Year General Fund Projections to the Board of Education annually during budget sessions. This document is continually adjusted as reasonable assumptions about future trends are replaced with more concrete information. Over the past three years, the percentage of the General Fund Balance to the General Fund Expenditures has been 14.2%, 10.8%, and 13.0%.

**FINANCIAL POLICIES AND LEGISLATION**

**Fund Balance** Board policy establishes certain expectations related to fund balance. As of June 30, 2020, total fund balance in the General Fund was 13.2% of budgeted expenditures, well within the required minimum of 8% and maximum of 15%.

**Internal Controls** Management of the District is responsible for establishing and maintaining an internal control structure which is designed to ensure that the assets are protected from loss or theft and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefit likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state and local financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure and document compliance with applicable laws and regulations related to these programs. The internal control structure is subject to periodic evaluation by management.

**Budgetary Controls** The District maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Public Education for Bibb County. Activities of the general, capital projects and special revenue funds are included in the annual appropriated budget. The level of budgetary control is established by program within an individual fund. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

The District is required to adopt a final budget no later than June 30<sup>th</sup> at the close of each fiscal year. An administrative budget review team aligns requests with priorities and proposed expenditures with anticipated revenues to arrive at a budget for consideration by the Superintendent and the Board of Education. In accordance with local board policy and state law, two public hearings are held to provide an opportunity for community response to the proposed budget.

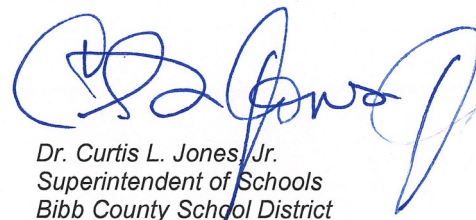

**AWARDS AND ACKNOWLEDGEMENTS**

**Certificates of Achievement and Excellence** The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report ("CAFR") for the fiscal year ended June 30, 2019. This was the 21<sup>st</sup> consecutive year the District has achieved this prestigious award. The Certificate of Achievement is a prominent national award recognizing conformity with the highest standards for preparation of state and local governmental financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

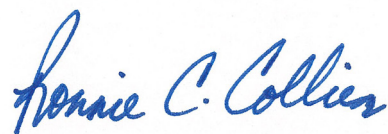

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR conforms to the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We wish to express appreciation to Sharon Roberts, Executive Director of Accounting, Carol Tims, Financial Assistant to Chief Financial Officer and the entire Accounting Department Staff without whose dedicated and committed efforts this report could not have been completed. We also acknowledge the active participation and professional support of Mauldin & Jenkins. Audit Partner Miller Edwards and the staff of Mauldin & Jenkins, particularly Hope Pendergrass, Partner and Audit Manager, Demetria Wright-Fluellyn have been instrumental to the completion of this comprehensive annual financial report. We also extend appreciation to the members of the Board of Public Education for Bibb County for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Respectfully submitted,

### **Function and Composition**

All matters relating to education and operations in the Bibb County School District (District) are governed and controlled by the Board of Public Education for Bibb County (Board) as provided by Georgia law. The Board is legally responsible for the operation of the District and all related policy.

It shall be the purpose of the Board to provide education of the best obtainable quality for the residents of Bibb County within the limitations imposed by the taxpayer's ability to pay and his/her willingness to support the educational program. The Board shall be the representative, not only of the citizens of Bibb County, but of the State Board of Education as well.

The Board currently consists of eight elected members, six elected from single member districts and two elected county-wide. Successors to the initial elected members of the Board are elected in the general election conducted immediately prior to the expiration of the term of office for which they offer as a candidate. The newly elected board members take office on the first day of January following their election and serve for a term of four years and until their successors are duly elected and qualified.

Regular board meetings are held on the third Thursday of each month at 6:30 p.m. usually in the Board Room at the Central Office, but sometimes at The Bibb County School District's Professional Learning Center. Virtual meetings of the Board are held under special circumstances because of emergency conditions involving public safety as declared by the governor of the State of Georgia or the President of the United States. All meetings are open to the public. Special meetings may be called at other times by the Board President. At all meetings, a majority of the entire membership constitutes a quorum.

BIBB COUNTY SCHOOL DISTRICT

**Dr. Curtis Jones, Jr.**

Dr. Curtis Jones, Jr. is a passionate educator dedicated to developing students as scholars, leaders and good citizens. He joined the Bibb County School District in April 2015. He was named Georgia Superintendent of the Year in December 2018, and in February 2019 he was named National Superintendent of the Year by AASA.

Using his classroom and administrative experiences, Dr. Jones developed the Bibb County School District's strategic plan, "Victory in Our Schools." The strategic plan has five goal areas: increasing student achievement, increasing student and stakeholder engagement, increasing teacher and leader effectiveness, being a reliable organization, and learning and growth. This plan drives the district's continuous improvement efforts through shared accountability for all stakeholders and resource alignment.

Dr. Jones works to ensure the district's instructional practices meet the needs of students and prepares them to be college or career ready. Early on, he established one of the district's main priorities as "getting students reading on grade level." Through his guidance, district administrators have addressed equity issues by ensuring students have access to similar instructional practices, interventions and supports. Additionally, the development of a District Literacy Plan has led to student growth on the Georgia Milestones Assessments and an increase in the percentage of students reading on grade level.

When he joined the district, Dr. Jones set one of his first long-term goals as raising the district's graduation rate to 90 percent by 2025. The district has made great gains in improving its graduation rate, which was 58.9 percent in 2014 and rose to 76.1 percent in 2020.

Under his leadership, the Bibb County School District has been cited for its work to advance the district and its students. In 2017, the district received Georgia's College Board Linking Award for having more than 80 percent of juniors and seniors utilizing Khan Academy for SAT preparation. Also, the district received the 2018 Digital School District Survey Award for Large Student Population Districts category, and its Board of Education has been named an Exemplary Board by the Georgia School Boards Association. The district's work with elementary schedules was featured in District Management Journal, in an article titled "Raising Achievement and Addressing Equity at Bibb County Schools" and the district was featured as a case study with K12 Insight for its work in improving stakeholder communications through its use of the Let's Talk! platform.

Dr. Jones is an educator with more than 20 years of experience. He began his career in education as a JROTC instructor with the Griffin-Spalding County School System in Griffin. He became a high school principal and then advanced to assistant superintendent, then superintendent before coming to Bibb County. Before his career in education, Dr. Jones served in the United States Army, retiring as a Lieutenant Colonel. He is a graduate of the United States Military Academy at West Point and earned a doctorate degree in educational leadership from Nova Southeastern University.

Dr. Jones is engaged in numerous professional and community organizations. He is a member of the Rotary Club of Macon and the Kiwanis Club of Macon. He serves on several community boards, including those for the Greater Macon Chamber of Commerce and the United Way of Central Georgia. Dr. Jones is a past governing board member for The School Superintendents Association (AASA) and past president of the Georgia School Superintendents Association (GSSA). GSSA awarded him the President's Award in 2012 and the Bill Barr Leadership Award in 2016. In October 2018, Dr. Jones received the AdvancED Excellence in Education Award for the state of Georgia for his role in leading efforts to improve student learning and outcomes.

## II. FINANCIAL SECTION

**BIBB COUNTY SCHOOL DISTRICT**

**INDEPENDENT AUDIT REPORT**

## INDEPENDENT AUDITOR'S REPORT

---

**To the Members of the Board of Education  
of the Bibb County School District  
Macon, Georgia**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **Bibb County School District** as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Bibb County School District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

---

***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bibb County School District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows, thereof, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Emphasis of Matter***

As discussed in Note 20, the Bibb County School District implemented Governmental Accounting Standards Board (“GASB”) Statement No. 84, Fiduciary Activities, as of July 1, 2019. This standard changed the accounting for the Bibb County Board of Education’s fiduciary activities and the related disclosures. Our opinions are not modified with respect to this matter.

***Other Matters******Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis (on pages 4 through 15), the schedules of proportionate share of the net pension liability, the schedules of pension contributions, the schedule of proportionate share of the net OPEB liability, and the schedule of OPEB contributions (on pages 70 through 80) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

---

**Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bibb County School District's basic financial statements. The combining and individual nonmajor fund financial statements and schedules; schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and the schedules of expenditures of special purpose local option sales tax proceeds, as required by the Official Code of Georgia 48-8-121, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The introductory and statistical sections are also presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, schedule of expenditures of federal awards, and schedules of expenditures of special purpose local option sales tax proceeds (collectively the "supplementary information") are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2021 on our consideration of the Bibb County School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report solely is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bibb County School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bibb County School District's internal control over financial reporting and compliance.

**MANAGEMENT DISCUSSION AND ANALYSIS**

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As administration of the Bibb County School District (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information furnished in our letter of transmittal on pages i-vii of this report.

### **FINANCIAL HIGHLIGHTS**

Key financial highlights for FY2020 are as follows:

- ▶ The assets and deferred outflows of the District exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$198,698,024. This amount includes the negative unrestricted net position of \$323,542,546. This amount is primarily composed of the District's proportionate share of net pension liability related to the implementation of Governmental Accounting Standards Board ("GASB") Statement No. 68 - *Accounting and Financial Reporting for Pensions* and our proportionate share of net other post-employment benefit liability related to the implementation of GASB Statement No.75 - *Accounting and Financial Reporting for Post-Employment Benefits other than Pensions*.
- ▶ The District's total net position increased \$24,175,531. This increase is primarily a result of an *increase investment in capital assets* funded by the Special Purpose Local Option Sales Tax ("SPLOST") proceeds.
- ▶ At the close of the current fiscal year, the District's governmental funds reported combined fund balances of \$40,996,493, a decrease of \$7,436,319 in comparison with the prior year. Approximately 86.4% of this amount (\$35,454,963) is available for spending at the government's discretion.
- ▶ At the end of the current fiscal year, unassigned fund balance for the General Fund was \$35,454,963 or approximately 14.0% of total General Fund expenditures.
- ▶ The District's total long-term outstanding debt increased \$20,683,658. This increase is primarily due to the increase in *Post-Employment Pensions Liability of \$27.2 million, a decline in net OPEB liabilities of \$5.8 million, and a decrease in notes payable of \$0.5 million*.
- ▶ During FY2019, ACE charter school sought and was granted status as a Georgia State Charter School effective July 1, 2019, thereby ending its status as a District Charter School. For FY2020, the District saw a decrease in the amount of QBE revenues received for Bibb County zoned students attending ACE as this funding now is allocated by the state directly to ACE instead of coming to the District. Expenditures were also reduced for payments to charter schools. In FY2020 ACE will no longer be a component unit of the District.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The Management's Discussion and Analysis ("MD&A") provided here is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) the notes to financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner like private-sector business.

The *statement of net position* presents financial information on all the District's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

# BIBB COUNTY SCHOOL DISTRICT

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### JUNE 30, 2020

---

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the District include instruction, general administration, maintenance and operations, student transportation, and interest on long-term debt. The business-type activities of the District include school food services, stadiums, Hutchings Academy, and the wellness center.

The government-wide financial statements can be found on pages 16 – 18 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund and the SPLOST Projects Fund, which are major funds. Data from the other two governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 19 – 22 of this report.

**Proprietary Funds.** The District maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Enterprise funds may be used to account for any activity or service that charges a fee to external users to cover the cost of operations, including cost of depreciation and debt service. The District operates its food service, stadiums, Hutchings Academy and district-wide wellness center as enterprise funds. Internal Service funds account for goods and services that are provided to other funds in return for a fee to cover the cost of operations, including depreciation and debt service costs. The District's internal service funds include workers' compensation and unemployment compensation. Proprietary fund statements use the accrual basis of accounting similar to the district-wide statements.

The basic proprietary fund financial statements can be found on pages 23 – 26 of this report.

---

**Fiduciary Funds.** In fiscal year 2020, the District early adopted GASB Statement No. 84, *Fiduciary Activities* which had been delayed to July 1, 2020. According to GASB 84 an activity is considered a fiduciary activity if all the following criteria are met: a) the assets associated with the activity are controlled by the government; b) the assets associated with the activity are not derived either: 1) solely from the government's own-source revenues, or 2) from government-mandated nonexchange transactions or voluntary nonexchange transactions except for pass-through grants for which the government does not have administrative involvement or direct financial involvement; the District is not generating the funds but being given by outsiders, and c) the assets associated with the activity have one or more of the following characteristics: 1) the assets are: a) administered through a trust in which the government itself is not a beneficiary, b) dedicated to providing benefits to recipients in accordance with the benefit terms, and c) legally protected from the creditors of the government; 2) the assets are for the benefit of individuals and the government does not have administrative involvement with the assets or direct financial involvement with the assets. In addition, the assets are not derived from the government's provision of goods or services to those individuals; and 3) the assets are for the benefit of organizations or other governments that are not part of the financial reporting entity. In addition, the assets are not derived from the government's provision of goods or services to those organizations or other governments.

Based on these guidelines the District restated beginning net position and beginning fund balance for the general fund for the cumulative effect of this accounting change.

Fund balance, July 1, 2019 as previously reported	\$ 48,432,812
Prior Period Adjustment – Implementation of GASB No. 84	44,566
Fund balance, July 1, 2019 as restated	\$ 48,477,378
Prior Period Adjustment – Implementation of GASB No. 84	\$ (44,566)
Reinstatement for Custodial Funds, Beginning Net Position	476,064
Net Position (Fiduciary Funds), July 1, 2019 as reinstated	\$ 431,498
Net Position, July 1, 2019 as previously reported	\$ 173,414,447
Prior Period Adjustment – Implementation of GASB No. 84	44,566
Net Position, July 1, 2019, as restated	\$ 173,459,013

The fiduciary fund financial statements can be found on pages 27 and 28 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29 – 69 of this report.

The District's overall net position increased \$24.2 million or 13.9% from the prior fiscal year. This increase is primarily due to the increase in investment in capital assets as SPLOST projects are nearing completion, and general fund revenues exceeding general fund expenditures primarily as a result of COVID in the last quarter of the fiscal year. The District schools were closed for face-to-face instruction and offered only virtual learning from mid-March 2020 to the end of the school year. This resulted in less transportation costs, fewer substitutes being utilized, less travel expenses and lower utility costs. The majority of the added costs related to COVID were expended in FY2021 as the District prepared for a more robust virtual learning opportunity for our students.

By far, the largest portion of the District's net position (\$520.4 million) reflects its investment in capital assets (e.g., land and land improvements, buildings, equipment, and construction in progress), less any related outstanding debt that was used to acquire those assets. The District uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

As a result of the implementation of GASB Statement No.68 in FY2015 and GASB Statement No.75 in FY2018, the District's net position has been significantly negatively impacted by the inclusion of net pension liability of \$221.3 million and Other Post-Employment Benefits liability of \$173.1 million at June 30, 2020. An additional portion of the District's net position (\$3.2 million) represents resources that are subject to external restrictions on how they may be used.

**Governmental Activities.** The District's Governmental Activities overall net position increased from \$173.4 million to \$202.6 million. This \$29.2 million or 16.8% increase is primarily due to the increase in investment in capital assets and a decrease in other restrictions placed on net position.

**Business-type Activities.** For the District's business-type activities, overall net position decreased from \$1.1 million to a deficit of \$3.9 million in the current fiscal year. The decrease in net position for business-type activities (food services, stadiums, Hutchings Academy and wellness center operations) of \$4.9 million from the prior fiscal year is primarily due to an excess of expenditures over revenues in the Food Services Fund of \$5 million. COVID-19 had a major impact on the Food Services Fund. Expenditures during the final quarter of the fiscal year while schools were closed for face-to-face instruction remained comparable to prior quarters whereas revenues declined due to less meals being served. The District did provide meal service for those students requesting it for pickup from a bus stop or a local school. Staff received their normal salary even though the number of meals served showed a decline.

**FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS**

**Governmental Funds.** The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the District itself, or a group or individual that has been delegated authority to assign resources for use for purposes by the District's governing Board of Education. As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has two major governmental funds: The General Fund and the Education Special Purpose Local Option Sales Tax ("ESPLOST") Projects Fund. The General Fund is the District's primary operating fund and is used to account for all financial resources of the general government except those required to be accounted for in another fund. The ESPLOST Projects Fund is used to account for the proceeds of a 1% ESPLOST used to finance building renovations, land and building acquisitions and the construction of new educational and administrative facilities.

On June 30, 2020, the District's governmental funds reported combined fund balances of \$40,996,493 a decrease of \$7,436,319 in comparison with the prior year. Approximately 86.4% of this amount (\$35,454,963) constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance is either *non-spendable, restricted, committed, or assigned* to indicate that it is: 1) not in spendable form (\$466,676 prepaid assets), 2) restricted for specific purposes (\$3,217,214, capital projects), or 3) committed for specific purposes (\$1,857,640).

**General Fund.** The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$35,454,963 while total fund balance increased to \$35,921,639. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures (\$253,586,116). Unassigned fund balance represents approximately 14.0% of total General Fund expenditures while total fund balance represents approximately 14.2% of that same amount.

The net change in the General Fund's total fund balance was an increase of \$7,985,461 from the prior fiscal year. Total operating revenues exceeded operating expenditures by \$8,171,514. Property taxes were higher than originally estimated and expenditures were lower than expected in those areas where COVID-19 closures impacted the District. Substitute teachers, travel, utility costs, transportation costs, and student supply costs were lower than normal due to school closures for face-to-face instructions. Transfers out exceeded transfers in by \$186,053; primarily used to cover stadium expenditures.

**Special Purpose Local Option Sales Tax ("SPLOST") Projects Fund.** As of June 30, 2020, the SPLOST Projects Fund, a major fund, had an ending fund balance of \$3,217,214, a decrease of \$14,751,751 from the prior year. The decrease in fund balance was due to capital project expenditures exceeding SPLOST receipts as the 2016 SPLOST issue nears completion of projects and with collections ended December 2020.

**Proprietary Funds.** The District's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The unrestricted net position of School Food Service at the end of the year was a negative (\$11,749,178) and net investment of capital assets was \$8,191,879 for a total net position of \$(3,557,299), a decrease of \$(5,046,159) over the prior year. The decrease is primarily due to COVID-19 which resulted in the District in March 2020 closing schools for face-to-face instruction. As students were learning virtually, all did not participate in the school nutrition services. Revenues were reduced while costs did not reduce proportionally.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

**Original budget compared to final budget.** Historically each year the District amends the General Fund original estimated revenues or original budgeted appropriations as well as the original budgeted expenditures as federal grant notifications are received after the completion of the original budget.

**Final budget compared to actual results.** The differences between estimated revenues and actual revenues were as follows:

<b>BIBB COUNTY SCHOOL DISTRICT</b>				
<b>COMPARISON OF FINAL BUDGET TO ACTUAL REVENUES</b>				
<b>FY2020</b>				
<b>Revenue source</b>	<b>Estimated revenues</b>	<b>Actual revenues</b>	<b>Variance</b>	
			<b>\$</b>	<b>%</b>

Totals	<u>\$ 272,873,548</u>	<u>\$ 261,757,630</u>	<u>\$ (11,115,918)</u>	<u>-4.2%</u>

Local revenue sources include ad valorem taxes, sales taxes, title taxes, other taxes, tuition income, investment income, transportation fees, rental income and other local sources. Local revenues exceeded the final budgeted local revenue by \$2.5 million. Investment income was less than its budgeted amount by \$0.6 million. This reduction in revenues was a result of the significant decline in interest rates in the later half of the fiscal year. State sources include Quality Basic Education (“QBE”) funding and other grants from the Georgia Department of Education and other state agencies. The decrease in state revenues over budget of \$2.3 million is primarily due to an overestimation of QBE funding combined with decreases in other state grants. The Georgia Department of Education reinstated austerity reductions due to the decline in state revenues and the overall decline in the economy. This austerity reduction resulted in a reduction of QBE revenue of \$1,703,941. The shortfall in federal revenue sources was \$11,386,451. Federal grants are budgeted per the award amount plus any amount which is available for carryover from the previous year. Various federal grants also are fifteen-month grants which means they run longer than the twelve-month fiscal year. These grants are budgeted at the full award because there is no way to make an estimate of any monies which may carryover. Actual revenues are recorded for these grants as the revenue becomes available or as the expenditures are incurred. Therefore, the actual revenues extend over multiple fiscal years.

The instruction expenditures were \$10.9 million less than the expenditure projections. A large portion of this is from federal and state grants, which extend over multiple fiscal years, being budgeted in their entirety in the first fiscal year that funds become awarded. Actual expenditures are recorded for these grants as the expenditures are incurred. Therefore, the actual expenditures extend over multiple fiscal years as well. Another component of the instruction shortfall is vacancies in the classroom at various points throughout the school year being filled by lower cost substitutes instead of teachers and/or paraprofessionals as well as less substitutes being needed due to school closures related to COVID-19. The general administration shortfall of \$5.0 million is primarily from system staffing vacancies and lower costs due to COVID-19 related closures. The shortfall of \$2.7 million in the maintenance and operations expenditures as compared to projections were caused by efficiency of newer building construction, the implementation of energy conservation measures, lower utility costs due to COVID-19 related building closures as well as personnel vacancies during various points throughout the year. Student transportation expenditures was less than the budget by \$ 0.3 million primarily due to less fuel costs due to school COVID-19 related closures.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital assets.** The District's investment in capital assets for its governmental and business-type activities as of June 30, 2020, amounts to \$520.4 million (net of accumulated depreciation). This investment in capital assets includes land and land improvements, buildings, equipment, and construction in progress. The total increase in capital assets for the current fiscal year was \$35.4 million or approximately 7.3%.

Additional information on the District's capital assets can be found in Note #7 on pages 42 and 43 of this report.

**Long-term Debt.** At the end of the current fiscal year, the District had total long-term debt outstanding of \$398,650,973. Debt for governmental activities totaled \$380,507,263 and debt for business-type activities totaled \$18,143,710. This debt is comprised of a note payable, net pension liability, net other post-employment benefits liability, and compensated absences.

The energy services note payable outstanding balance of \$1,431,378 is for certain energy conservation measures related to the retrofit and installation of induction lighting throughout the District. This note began in November 2012 and the final payment will be made July 2022.

District employees working a 239-day contract earn annual leave based on their number of years of service with the District. An employee may carryover up to 280 hours of unused leave to the next fiscal year. This vested compensated absences balance at the end of year is calculated for each applicable employee for the number of hours of unused leave, up to 280 hours, times their current hourly rate plus all applicable benefits. As of the end of the year, this totaled \$1,857,707 for all eligible employees.

The District is self-insured for workers' compensation and unemployment compensation. Premiums are paid into internal service funds by user funds and are available to pay claims, claim reserves, and administrative costs of the programs. Claims payable for the District's Workers' Compensation Fund totaled \$968,870 at the end of the fiscal year.

The District's employees may be eligible to participate in one of three retirement plans, the Teachers' Retirement System of Georgia, the Public School Employees' Retirement System, or the Employees' Retirement System. Resulting pension liabilities for unfunded future benefits are calculated and booked as long-term debt of the District. All teachers of the District and certain other support personnel as defined in the Official Code of Georgia Annotated ("O.C.G.A") are provided a defined benefit pension through the Teachers' Retirement System of Georgia ("TRS"). TRS is a cost-sharing multiple-employer defined benefit pension plan administered by the TRS Board of Trustees. An employee is eligible for normal service retirement after 30 years of creditable service up to forty years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after ten years of service and attainment of age 60. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. For the fiscal year ended June 30, 2020, the District's contractually required contribution rate was 21.14% of annual District payroll eligible for TRS. Employees were required to contribute 6.0% of their annual TRS eligible pay for the fiscal year. On June 30, 2020, the District's proportionate share of the net pension liability was \$220,810,192.

Certain employees who are not eligible for TRS retirement plan are eligible for the Public School Employees' Retirement System ("PSERS"). PSERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly in 1969. The ERS Board of Trustees, plus two additional trustees, administers PSERS. A member may retire and elect to receive normal monthly retirement benefits after completion of ten years of creditable service and attainment of age sixty-five. A member may choose to receive reduced benefits after age sixty and upon ten years of creditable service. Upon retirement, the member will receive a monthly benefit of \$15.25 multiplied by the number of creditable years of service. The general assembly makes an annual appropriation to cover the employer contribution to PSERS on behalf of local school employees. The employee makes a nine-month contribution of \$4 per month if hired before July 1, 2012 and \$10 per month if hired on or after July 1, 2012. The District did not have a liability for a proportionate share of the net pension liability because of the related State of Georgia support.

The third retirement plan that the District participates in is the Employers' Retirement System ("ERS"). ERS is a cost-sharing multiple defined benefit pension plan established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. Certain District employees that were under the ERS plan upon hiring into the District may be eligible to remain under ERS. The number of employees under this plan are minimal. The District's proportionate share of the net pension liability on June 30, 2020 was \$494,400.

The District also participates in the State of Georgia School Employees Post-Employment Benefit Fund "OPEB") which is a post-employment plan administered by the State of Georgia Department of Community Health. Eligible employees are provided OPEB through the cost-sharing multiple-employer defined benefit post-employment healthcare plan. On June 30, 2020, the District's proportionate share of the OPEB liability was \$173,088,426.

The District maintains an “Aa2” rating from Moody’s Investors Service for general obligation debt. State statutes limit the amount of general obligation debt a governmental entity may issue up to 10% of the average full valuation. As of June 30, 2020, the District did not have any bonded debt. So based on the debt limitation, the amount available was \$412,672,494. In July 2020, the District issued \$15,550,000 of general obligation bonds. These bonds will be paid over a five-year period from proceeds of the 2021 ESPLOST sales tax proceeds.

Additional information on the District’s long-term debt can be found in Note #9 on page 44 of this report.

***Economic Factors and Next Year’s Budgets and Tax Rates.*** The following economic factors currently affect the District and were considered in developing the FY2021 fiscal year budget.

- ▶ Normally school boards adopt budgets prior to the first day of the new fiscal year (July 1). However, due to the COVID-19 pandemic, the Georgia legislature had not passed a state budget for FY2021 in time for the District to receive QBE revenue numbers to include in the District’s FY2021 budget. Therefore, on June 18, 2020, the Board of Education did adopt a “spending resolution” in lieu of a budget. This spending resolution authorized the superintendent to spend funds no more than 1/12<sup>th</sup> of the FY2020 budget for all funds in the new fiscal year until the budget could be finalized and adopted in July 2020.
- ▶ Due to the overall economic downturn due to the COVID-19 pandemic, the State of Georgia reduced funding for the Georgia Department of Education (“GDOE”) by \$952,169,870. The District’s proportionate share amounted to an austerity adjustment of \$11,276,782, which was a 10.38% cut from total District QBE formula earnings of \$108,667,565 before the adjustment. As a result of this 10.38% loss in funding from DOE, the District had to make cost cutting decisions to maintain a balanced budget for FY2020. These cuts included reductions of 62 positions, substitute expenditures, travel expenditures, fees and registrations, overtime, summer schools, and reductions in service agreements and consultants.
- ▶ The CARES Act: Elementary and Secondary School Emergency Funds was passed to provide federal dollars to assist with COVID-19 related expenditures for the nations elementary and secondary schools. From the \$457,169,852 allocated to the state of Georgia, the District received \$10,636,395. These funds are to be shared on a prorata basis for equitable services to non-public schools within the boundaries of Bibb County. Funds may be spent for expenditures from March 13, 2020 to September 30, 2022. Uses of these funds include distance learning, food preparation, hazard pay, learning opportunities, at risk students, mental and physical health, facilities and equipment relating to deep cleaning, personal protection equipment, professional development, equitable services for non-public school students, and for the continuity of core staff and services including restoring budget reductions and offsetting the need to furlough staff. The District used these funds to provide salaries and benefits to prevent furloughs of staff and from further reductions in staffing positions, to subsidize the School Nutrition Fund for losses due to COVID-19 including salaries and benefits and higher food costs, for virtual learning platforms and other technology needs, for non-public school equitable support, and for purchases of personal protection equipment (“PPE”).
- ▶ In July 2020, the Board was able to adopt the FY2021 General Fund operating budget which included \$201.8 million in operating revenues and transfers in and \$ 201.7 million in operating expenditures and transfers out.
- ▶ For FY2021, the TRS decreased its employer contribution from 21.14% to 19.06% of TRS eligible wages. There were no across the board salary increases for District employees. There were increases resulting from any eligible years of service salary increases as relates to the District salary schedules.

---

- ▶ For FY2021, the Board of Education mill tax rate was rolled back 0.321 from 18.814 mills to 18.493 due to changes in the digest.
- ▶ For the first time since FY2003, the Governor of Georgia and the Georgia State Legislature eliminated all austerity reduction in FY2019, thus fully funding the state's QBE funding formula. However, for FY2021 austerity reductions were reinstated. The QBE receivable for FY2020 included \$1.7 million in austerity reduction and the overall FY2021 austerity reduction was \$11.3 million.
- ▶ In August 2020, a new elementary facility (John R. Lewis Elementary School) which facilitates the consolidation of two elementary schools (Riley Elementary and Brookdale Elementary) opened.
- ▶ On February 29, 2019, the District entered a facility use agreement with Foothills Education Center, Inc. for Foothills Education High School, a state charter school, to lease class and office space on a District campus. This state charter began classes at our location beginning January 2020. Negotiations were on going for an agreement to be signed between Foothills Education Center, Inc. and the District to convert this facility to a new state charter, Heartland Education, with the District becoming the operational agent for this charter school. However, after the State Charter Schools Commission of Georgia tabled the Heartland replication for a year, Foothills Education Charter High School has agreed to have the Heartland sites as a part of Foothills known as Foothills-Heartland. The sites currently part of Foothills-Heartland are the Bibb County and Butts County sites. This charter school will have budget implications as terms of the agreement become clearer in the FY2022 fiscal year if the replication is approved by the State Charter Schools Commission by July 2021.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds.	\$	(7,480,885)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		40,570,049
The net effect of the disposal of capital assets is to decrease net position.		(5,383,557)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		1,326,568
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		548,469
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		(1,185,779)
Internal service funds are used by management to charge costs of various services and benefits to individual funds. The net revenue (expense) of certain activities of internal service funds is reported with governmental activities.		<u>729,990</u>

# BIBB COUNTY SCHOOL DISTRICT

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Bibb County School District (the "District") was incorporated on August 23, 1872, and provides for a system of education for the children in the City of Macon, Georgia ("Macon") and Bibb County, Georgia ("Bibb County") as authorized by its charter. The District operates under a Board/Superintendent form of government. The eight-member Board of Education (the "Board") is elected by the public and the Board appoints the superintendent. During the year ended June 30, 2005, the citizens of Bibb County voted to give the Board the power to determine the millage rate at which school taxes are levied and to incur bonded indebtedness with voters' approval. In previous years, the District was reported as a component unit of Bibb County. However, beginning with the fiscal year ended June 30, 2005, the District is reported as its own primary government.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Revenue from grants and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The State of Georgia reimburses the District for teachers' salaries and operating costs through the Quality Basic Education ("QBE") Formula Earnings program. State of Georgia law defines the formula driven grant that determines the cost of an academic school year and the State of Georgia's share in this cost. Generally, teachers are contracted for the school year (July 1 – June 30) and paid over a 12-month contract period, generally September 1 through August 31. In accordance with the requirements of the enabling legislation of the QBE program, the State of Georgia reimburses the District over the same 12-month period in which teachers are paid, funding the academic school year expenditures. At June 30, the amount of teachers' salaries incurred but not paid until July and August of the subsequent year are accrued, as the State of Georgia has only postponed the final payment of their share of the cost until the subsequent appropriations for cash management purposes. By June 30 of each year, the State of Georgia has a signed appropriation that includes this final amount, which represents the State of Georgia's intent to fund this final payment. Based on guidance in Government Accounting Standards Board ("GASB") Statement No. 33, paragraph 74, the State of Georgia recognizes its QBE liability for the July and August salaries at June 30, and the District recognizes the same QBE as a receivable and revenue, consistent with symmetrical recognition.

The District reports the following major governmental funds:

The **General Fund** is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **SPLOST Projects Fund** accounts for the proceeds of a 1% Special Purpose Local Option Sales Tax. Funds are used for: building renovations; land and building acquisitions; and construction of new educational and administrative facilities.

The District reports the following major proprietary fund:

The **School Food Service Fund** accounts for the monies and commodities received from the federal and state governments and the School Food Service's cafeteria sales for the purpose of maintaining the District's breakfast, lunch, and snack programs.

Additionally, the District reports the following fund types:

The **Capital Projects Funds** account for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new schools.

The **Special Revenue Funds** account for resources generated for specific purposes.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The **Enterprise Funds** account for the operations of the Wellness Center, and Hutchings College and Career Academy.

The **Internal Service Funds** account for workers' compensation and unemployment compensation services that are provided to other departments or funds of the District on a cost-reimbursement basis.

The **Private-purpose Trust Fund** accounts for resources devoted to the presentation of an award to a student and teacher each year at Appling Middle School. All resources of the fund, including any earnings on invested resources, may be used to support this purpose. There is no requirement that any portion of the resources be preserved as capital.

The **Custodial Funds** are used to account for school activity funds related to school-wide fundraising activities and to account for flex medical and dependent care for the employees of the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the District's school food service program and the general fund. Elimination of these charges would distort the direct costs reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the District's internal service funds are charges for goods and services provided. Operating expenses of the enterprise funds and internal service funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Cash and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in: obligations of the United States, the State of Georgia and other political subdivisions of the State of Georgia, and other states; prime bankers' acceptances; repurchase agreements; and the Georgia local government investment pool ("Georgia Fund 1"). Georgia Fund 1, created by the Official Code of Georgia Annotated ("O.C.G.A.") § 36-83-8, is a stable net asset value investment pool which follows Standard & Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The pool also adjusts the value of its investments to fair market value as of year-end and the District's investment in the Georgia Fund 1 is reported at fair value.

#### E. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

#### F. On-Behalf Payments

The State of Georgia makes certain health insurance and pension plan payments on behalf of the District for its employees. The District records these payments as both a revenue and an expenditure in the General Fund. The total of the on-behalf payments for the fiscal year ended June 30, 2020 was \$527,194.

#### G. Inventories and Prepaid Items

Inventories of the School Food Service Fund are stated at cost using the first-in, first-out method. Donated food commodities are recorded at fair value. The District utilizes the consumption method to recognize inventory usage. Under the consumption method, inventories are recorded as expenses when used rather than when purchased.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### G. Inventories and Prepaid Items (Continued)

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The consumption method is used to account for prepaid items in the District's funds.

#### H. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Land improvements	20
Buildings	25 – 50
Equipment	4 – 20

#### I. Deferred Outflows/Inflows of Resources

GASB Statements No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and No. 65, *Items Previously Reported as Assets and Liabilities*, established accounting and financial reporting for deferred outflows/inflows of resources and the concept of net position as the residual of all other elements presented in a statement of net position.

In addition to assets, the statement of financial position/governmental funds balance sheet reports a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of resources that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Governmental Activities report several types of deferred outflows of resources related to the reporting of the net pension liability and net OPEB liability. See also Note 13 – Retirement Plans and Note 14 – Other Post-Employment Benefits.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### I. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position/governmental funds balance sheet reports a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of resources that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. In addition to the items related to changes in the net pension liability and net OPEB liability as discussed below, the District has one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and grants. These amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The Governmental Activities and Business-Type Activities report deferred inflows of resources related to the reporting of the net pension liability and net OPEB liability. These deferred inflows of resources will be amortized over five years.

#### J. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement System of Georgia (“TRS”), the Public School Employees Retirement System (“PSERS”), and the Employees’ Retirement System (“ERS”), and additions to/deductions from each plan’s fiduciary net position have been determined on the same basis as they are reported by each plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### K. Other Post-Employment Benefits (“OPEB”)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Georgia School Employees Post-employment Benefit Fund (the “School OPEB Fund”) and additions to/deductions from the School OPEB Fund’s fiduciary net position have been determined on the same basis as they are reported by the School OPEB Fund. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

#### M. Compensated Absences

Accumulated unpaid sick leave costs are not vested and are not accrued in any fund, but are recognized as expenditures or expenses, when paid. Accumulated unpaid vacation costs are accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements.

#### N. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance”. Fund equity for all other reporting is classified as “net position”.

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash, or b) legally or contractually required to be maintained intact.
- Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education through the adoption of a resolution. Likewise, fund balances that have been committed cannot be used for any other purposes unless the Board of Education removes the commitment of these funds through formal action of the adoption of a resolution. For a fund balance to show as committed for a fiscal year, the Board must adopt the resolution prior to June 30 even though the dollar amount of the commitment may be determined at a date subsequent to June 30.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Fund Equity (Continued)

- Assigned – Fund balances are reported as assigned when amounts are constrained by the District's intent to be used for the specific purposes, but are neither restricted nor committed. Through resolution, the Board of Education has authorized the Chief Financial Officer or Accounting Director to assign fund balances.
- Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The District reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balance may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balances are available for use of expenditures incurred, it is the District's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the District's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Net Position – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the District has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

#### O. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

#### A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The Governmental Fund Balance Sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.” The details of this \$359,935,995 difference are as follows:

Notes payable	\$ (1,431,378)
Compensated absences	(1,857,707)
Net pension liability	(217,320,425)
Net other post-employment benefit liability	(158,928,883)
Pensions - deferred inflows of resources	(13,039,531)
Net OPEB - deferred inflows of resources	(41,967,537)
Pensions - deferred outflows of resources	62,218,262
Net OPEB - deferred outflows of resources	<u>12,391,204</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	<u><u>\$ (359,935,995)</u></u>

#### B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

The Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$40,570,049 difference are as follows:

Capital outlay	\$ 55,628,318
Depreciation expense	<u>(15,058,269)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u><u>\$ 40,570,049</u></u>

## NOTES TO FINANCIAL STATEMENTS

**NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)**

**B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)**

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this \$1,185,779 difference are as follows:

Change in compensated absences	\$ (199,038)
Adjustment to record pension expense and related revenue for pension special funding situations, net of fund level amounts	355,639
Change in net pension liability and deferred inflows and outflows related to pension activity	(3,981,628)
Change in net OPEB liability and deferred inflows and outflows related to pension activity	<u>2,639,248</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	<u><u>\$ (1,185,779)</u></u>

**NOTE 3. LEGAL COMPLIANCE – BUDGETS**

**Budgetary Data.** The District adopts an annual budget on a basis consistent with accounting principles generally accepted in the United States of America for the General Fund. The SPLOST Projects Fund adopts a project length budget. Proprietary fund budgets are prepared and utilized as a management tool to assess the operations of the enterprise and internal service funds. All annual appropriations lapse at fiscal year-end.

The budget is a complete financial plan for the District's fiscal year, usually the school year, and is based upon careful estimates of expenditures and probable incomes. The District's budget consists of the educational plan, expenditures for the educational plan and sources and amount of revenue. Prior to the first Monday in June, the administration of the District prepares and submits a proposed budget to the Board for approval.

After the budget has been tentatively approved by the Board, the budget must be advertised, in form and manner to be prescribed by the Board, at least one time in a newspaper of general circulation in Bibb County. Subsequent to this procedure, the Board shall revise the budget as necessary and adopt a final school budget.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

The approved budget shall be certified and forwarded to the Georgia Department of Education for final approval. The budget is amended during the first six months and a mid-year review budget is prepared and approved by the Board. The budget is formally adopted at the program level and the legal level of the District's budgetary controls is the program level. Any amendments made after mid-year review may be approved by the District's management.

### NOTE 4. DEPOSITS AND INVESTMENTS

**Credit Risk.** As of June 30, 2020, the District's investments were all rated AA Af by Standard & Poor's.

As of June 30, 2020, the District had the following investments:

Investment	Maturities	Fair Value
Georgia Fund I, AA Af	38-day weighted average	\$ 51,995,771

Investments are reported in the following activities:

Governmental	\$ 46,142,416
Business-type	5,850,955
Fiduciary	2,400
	\$ 51,995,771

**Interest Rate Risk.** As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's investment policy limits all operating investments to instruments that mature within one year. All non-operating investments are best matched with their cash flow needs, with investment life of no more than five years.

**Fair Value Measurements.** The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the District does not disclose investment in the Georgia Fund 1 within the fair value hierarchy.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

**Custodial Credit Risk – Deposits.** Custodial risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal and state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2020, the District's bank balance of \$8,975,544 was fully collateralized in compliance with state and GASB requirements.

**Custodial Credit Risk – Investments.** For investments, this is the risk that, in the event of the failure of the depository financial institution, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2020, the District was not exposed to custodial credit risk for investments.

### NOTE 5. RECEIVABLES

Intergovernmental receivables at June 30, 2020, for the District's individual major funds including the applicable allowances for uncollectible accounts are as follows:

	General	SPLOST	School Food Service
Intergovernmental	\$ 31,959,743	\$ 7,528,140	\$ 562,236
Accounts	5,708,815	-	46,069
Less allowance for uncollectibles	(4,647,764)	-	-
Net total receivable	\$ 33,020,794	\$ 7,528,140	\$ 608,305

### NOTE 6. PROPERTY TAXES

Bibb County bills and collects property taxes for the District. Property taxes are levied (assessed) on all taxable real, public utility and personal property (including vehicles) located within the County as of January 1<sup>st</sup> of each year.

Assessed values for property tax purposes are determined by the Bibb County Board of Tax Assessors for all property except public utilities and motor vehicles. Assessed value is set at 40% of market value. The State of Georgia establishes values for public utilities and motor vehicles. Real property taxes for 2019 were levied on August 6, 2019, and are due in two installments - the first payment was due October 15, 2019, and the final payment was due by November 15, 2019. Bibb County may place liens on property once the related tax payments become delinquent. The property tax receivable allowance is equal to 20% of outstanding property taxes at June 30, 2020.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 6. PROPERTY TAXES (CONTINUED)

Vehicle personal property taxes are due upon each respective payor's date of birth on an annual basis. Beginning in April 2013, a title ad valorem tax is assessed upon sale of a vehicle, which replaces the personal property tax due annually on the payor's date of birth.

### NOTE 9. LONG-TERM DEBT

**Energy Services Note Payable.** On November 15, 2012, the Board of Education approved a resolution authorizing the negotiation and execution of a note payable for certain energy conservation measures related to the retrofit and installation of induction lighting throughout the District. This resolution resulted in the execution of a master lease agreement for the costs of installation/construction of approximately \$3,935,000 together with interest paid under the master lease to finance the installation/construction phase of approximately \$750,000 and the evaluation, measurement and verification costs over the guaranteed period of approximately \$1,615,000 for total project cost of approximately \$6,300,000 exclusive of actual annual expenses and savings and allowable adjustments during the installation/construction phase.

The future minimum note obligations and the net present value of these minimum note payments as of June 30, 2020, are as follows:

Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 633,157	\$ 34,258	\$ 667,415

### NOTE 10. OPERATING LEASES

The District, as lessor, leases excess space in its central office building (approximately 30% of the total square footage) to various private companies and accounts for these leases as operating leases. The cost of the building, related depreciation and net book value of the central office building is as follows:

Cost of building	\$ 8,558,308
Accumulated depreciation	(3,556,648)
Net book value	<u>\$ 5,001,660</u>

Lease terms vary and extend through October 31, 2025. Rental revenues under these operating leases during the year ended June 30, 2020, were \$467,528. Minimum future rentals to be received under operating leases are as follows:

<b>Year Ending June 30,</b>	
2021	\$ 602,694
2022	457,493
2023	457,493
2024	457,493

	<u>\$ 2,180,143</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 11. CAPITAL LEASE RECEIVABLE

During the fiscal year ended June 30, 2020, the District, as lessor, leased various equipment to the Academy of Classical Education. The lease payments qualify as a capital lease receivable for accounting purposes and, therefore, have been recorded at the present value of the minimum lease payments as of the date of inception. The interest rate on the lease is 5%. Total costs of assets leased under the capital lease agreement were \$304,517. Annual debt service requirements to maturity for this lease is as follows:

<u>Fiscal Year</u> <u>Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 40,195	\$ 9,805	\$ 50,000

	<u>\$ 196,102</u>	<u>\$ 27,898</u>	<u>\$ 224,000</u>

### NOTE 12. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2020, is as follows:

Due to/from other funds:

<u>Receivable</u> <u>Fund</u>	<u>Payable Fund</u>			<u>Total</u>
	<u>General</u> <u>Fund</u>	<u>School</u> <u>Food</u> <u>Service</u>	<u>Nonmajor</u> <u>Governmental</u> <u>Funds</u>	
General Fund	\$ -	\$ 213,496	\$ 827	\$ 214,323

Total	<u>\$ 1,382,326</u>	<u>\$ 213,496</u>	<u>\$ 827</u>	<u>\$ 1,596,649</u>

These balances resulted from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 12. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)**

Interfund transfers:

	<b>Transfers Out</b>
<b>Transfers In</b>	<b>General Fund</b>
Nonmajor Governmental Funds	\$ 73,132
Nonmajor Enterprise Funds	112,921
Total	\$ 186,053

Transfers are used to: 1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and 3) move unrestricted revenues collected in the General Fund and other funds to finance various programs accounted for in other funds, in accordance with budgetary authorizations.

**NOTE 13. RETIREMENT PLANS**

**Teachers' Retirement System**

**Plan Description**

All teachers of the District as defined in §47-3-60 of the O.C.G.A. and certain other support personnel as defined by §47-3-63 are provided a pension through the Teachers' Retirement System of Georgia ("TRS"). TRS, a cost-sharing multiple-employer defined benefit pension plan, is administered by the TRS Board of Trustees ("TRS Board"). Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. TRS issues a publicly available financial report that can be obtained at <http://www.trsga.com/publications>.

**Benefits Provided**

TRS provides service retirement, disability retirement, and death benefits. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after ten years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability.

### NOTE 13. RETIREMENT PLANS (CONTINUED)

#### Teachers' Retirement System (Continued)

##### Benefits Provided (Continued)

Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

##### Contributions

Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Pursuant to O.C.G.A. § 47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employer by the State of Georgia. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees were required to contribute 6.00% of their annual pay during fiscal year 2020. The District's contractually required contribution rate for the year ended June 30, 2020 was 21.14% of annual District payroll. District contributions to TRS were \$27,935,372 for the year ended June 30, 2020.

##### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for support provided to the District by the State of Georgia for certain public school support personnel. The amount recognized by the District as its proportionate share of the net pension liability was \$220,810,192.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 13. RETIREMENT PLANS (CONTINUED)

#### Teachers' Retirement System (Continued)

##### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2018. An expected total pension liability as of June 30, 2019 was determined using standard roll-forward techniques. The District's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2019. At June 30 2019, the District's proportion was 1.026895%, which was a decrease of 0.016403% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized pension expense of \$32,200,022 and revenue of \$(67,837) for support provided by the State of Georgia for certain support personnel. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 12,445,988	\$ 65,465
Changes of assumptions	21,189,619	-

#### Teachers' Retirement System (Continued)

##### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

District contributions subsequent to the measurement date of \$27,935,372, are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2021	\$ 8,183,203
2022	278,062
2023	6,832,999
2024	6,735,304

#### Actuarial Assumptions

The total pension liability as of June 30, 2019, was determined by an actuarial valuation as of June 30, 2018, using the following actuarial assumptions applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.00% – 8.75%, average, including inflation
Investment rate of return	7.25%, net of pension plan investment expense, including inflation

Post-retirement mortality rates were based on the RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males) for service retirements and dependent beneficiaries. The RP-2000 Disabled Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward two years for males and four years for females) was used for death after disability retirement. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014, with the exception of the long-term assumed rate of return.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 13. RETIREMENT PLANS (CONTINUED)

#### Teachers' Retirement System (Continued)

##### Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset class</u>	<u>Target allocation (%)</u>	<u>Long-term expected real rate of return (%)</u>
Fixed income	30.00 %	(0.10) %
Domestic large equities	51.00	8.90
Domestic small equities	1.50	13.20
International developed market equities	12.40	8.90
International emerging market equities	5.10	10.90
Total	<u>100.00 %</u>	

##### Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Public School Employees' Retirement System ("PSERS")**

**Plan Description**

PSERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly in 1969 for the purpose of providing retirement allowances for public school employees who are not eligible for membership in the TRS. The ERS Board of Trustees, plus two additional trustees, administers PSERS. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. PSERS issues a publicly available financial report that can be obtained at [www.ers.ga.gov/formspubs/formspubs](http://www.ers.ga.gov/formspubs/formspubs).

**Benefits Provided**

A member may retire and elect to receive normal monthly retirement benefits after completion of ten years of creditable service and attainment of age 65. A member may choose to receive reduced benefits after age 60 and upon completion of ten years of service.

### NOTE 13. RETIREMENT PLANS (CONTINUED)

#### Public School Employees' Retirement System ("PSERS") (Continued)

##### Benefits Provided (Continued)

Upon retirement, the member will receive a monthly benefit of \$15.25, multiplied by the number of years of creditable service. Death and disability benefits are also available through PSERS. Additionally, PSERS may make periodic cost-of-living adjustments to the monthly benefits. Upon termination of employment, member contributions with accumulated interest are refundable upon request by the member. However, if an otherwise vested member terminates and withdraws his/her member contribution, the member forfeits all rights to retirement benefits.

##### Contributions

The general assembly makes an annual appropriation to cover the employer contribution to PSERS on behalf of local school employees (bus drivers, cafeteria workers, and maintenance staff). The annual employer contribution required by statute is actuarially determined and paid directly to PSERS by the State Treasurer in accordance with O.C.G.A. §47-4-29(a) and 60(b). Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Individuals who became members prior to July 1, 2012 contribute \$4 per month for nine months each fiscal year. Individuals who became members on or after July 1, 2012 contribute \$10 per month for nine months each fiscal year. The State of Georgia, although not the employer of PSERS members, is required by statute to make employer contributions actuarially determined and approved and certified by the PSERS Board of Trustees.

##### Pension Liabilities and Pension Expense

At June 30, 2020, the District did not have a liability for a proportionate share of the net pension liability because of the related State of Georgia support. The amount of the State's proportionate share of the net pension liability associated with the District is as follows:

State of Georgia's proportionate share of the Net Pension Liability associated with the District	<u>\$ 3,082,710</u>

##### Pension Liabilities and Pension Expense (Continued)

The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2018. An expected total pension liability as of June 30, 2019, was determined using standard roll-forward techniques. The State's proportion of the net pension liability associated with the District was based on actuarially determined contributions paid by the State during the fiscal year ended June 30, 2019.

For the year ended June 30, 2020, the District recognized pension expense of \$950,670 and revenue of \$950,670 for support provided by the State of Georgia.

##### Actuarial Assumptions

The total pension liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increase	N/A
Investment rate of return	7.30% Net pension plan investment expense, including inflation

Post-retirement mortality rates were based on the RP-2000 Blue-Collar Mortality Table projected to 2025 with projection scale BB (set forward three years for males and two years for females) for the period after service retirements and for dependent beneficiaries. The RP-2000 Disabled Mortality projected to 2025 with projection scale BB (set forward five years for both males and females) was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9% – 11% less than the actual number of deaths that occurred during the study period for healthy retirees and 9% – 11% less than expected under the selected table for disabled retirees. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014, with the exception of the assumed investment rate of return.

##### Discount Rate

The discount rate used to measure the total pension liability was 7.30%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### NOTE 13. RETIREMENT PLANS (CONTINUED)

#### Employees' Retirement System ("ERS")

##### Plan Description

ERS is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. ERS is directed by a Board of Trustees. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. ERS issues a publicly available financial report that can be obtained at [www.ers.ga.gov/formspubs/formspubs](http://www.ers.ga.gov/formspubs/formspubs).

##### Benefits Provided

The ERS Plan supports three benefit tiers: Old Plan, New Plan, and Georgia State Employees' Pension and Savings Plan ("GSEPS"). Employees under the Old Plan started membership prior to July 1, 1982, and are subject to plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982, but prior to January 1, 2009, are New Plan members subject to modified plan provisions. Effective January 1, 2009, new state employees and rehired state employees who did not retain membership rights under the Old or New Plans are members of GSEPS. ERS members hired prior to January 1, 2009, also have the option to irrevocably change their membership to GSEPS.

Under the Old Plan, the New Plan, and GSEPS, a member may retire and receive normal retirement benefits after completion of ten years of creditable service and attainment of age 60 or 30 years of creditable service regardless of age. Additionally, there are some provisions allowing for early retirement after 25 years of creditable service for members under age 60.

Retirement benefits paid to members are based upon the monthly average of the member's highest 24 consecutive calendar months, multiplied by the number of years of creditable service, multiplied by the applicable benefit factor. Annually, post-retirement cost-of-living adjustments may also be made to members' benefits, provided the members were hired prior to July 1, 2009. The normal retirement pension is payable monthly for life; however, options are available for distribution of the member's monthly pension, at reduced rates, to a designated beneficiary upon the member's death. Death and disability benefits are also available through ERS.

##### Contributions

Member contributions under the Old Plan are 4% of annual compensation, up to \$4,200, plus 6% of annual compensation in excess of \$4,200. Under the Old Plan, the state pays member contributions in excess of 1.25% of annual compensation. Under the Old Plan, these state contributions are included in the members' accounts for refund purposes and are used in the computation of the members' earnable compensation for the purpose of computing retirement benefits.

#### Employees' Retirement System ("ERS") (Continued)

##### Contributions (Continued)

Member contributions under the New Plan and GSEPS are 1.25% of annual compensation. The District's contractually required contribution rate, actuarially determined annually, for the year ended June 30, 2020 was 24.66% of annual covered payroll for Old and New Plan members and 21.64% for GSEPS members. The District's contributions to ERS totaled \$79,488 for the year ended June 30, 2020. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

##### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability in the amount of \$494,400. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2018. An expected total pension liability as of June 30, 2019, was determined using standard roll-forward techniques. The District's proportion of the net pension liability was based on contributions to ERS during the fiscal year ended June 30, 2019. At June 30, 2019, the Employer's proportion was 0.011981% which was an increase of 0.000448% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized pension expense of \$94,028. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 16,465	\$ -
Changes of assumptions	8,702	-
Net difference between projected and actual earnings on pension plan investments	-	15,390

District contributions subsequent to the measurement date of \$79,488 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,		
2021	\$	45,343
2022		(8,510)
2023		(3,032)
2024		2,040

##### Actuarial Assumptions

The total pension liability as of June 30, 2019, was determined by an actuarial valuation as of June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.75%
Salary increases	3.25% – 7.00%, average, including inflation
Investment rate of return	7.30%, Net of pension plan investment expense, including inflation

Post-retirement mortality rates were based on the RP-2000 Combined Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward two years for both males and females) for service retirements and dependent beneficiaries. The RP-2000 Disabled Mortality Table with future mortality improvement projected to 2025 with Society of Actuaries' projection scale BB (set back seven years for males and set forward three years for females) was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9% – 12% less than the actual number of deaths that occurred during the study period for service retirements and beneficiaries and for disability retirements. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014, with the exception of the assumed investment rate of return.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 13. RETIREMENT PLANS (CONTINUED)

#### Employees' Retirement System ("ERS") (Continued)

##### Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation (%)	Long-term expected real rate of return (%)*
Fixed income	30.00 %	(0.10) %
Domestic large equities	46.20	8.90
Domestic small equities	1.30	13.20

International emerging market equities	5.10	10.90
Alternatives	5.00	12.00
Total	100.00 %	

\* Rates shown are net of the 2.75% assumed rate of inflation.

##### Discount Rate

The discount rate used to measure the total pension liability was 7.30%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Plan Description**

The District participates in the State of Georgia School Employees Post-employment Benefit Fund (the "School OPEB Fund") which is an other post-employment benefit ("OPEB") plan administered by the State of Georgia Department of Community Health ("DCH"). Certified teachers and non-certified employees of the Board as defined in § 20-2-875 of the O.C.G.A. are provided OPEB through the School OPEB Fund - a cost-sharing multiple-employer defined benefit post-employment healthcare plan, reported as an employee trust fund of the State of Georgia and administered by a Board of Community Health ("DCH Board"). Title 20 of the O.C.G.A. assigns the authority to establish and amend the benefit terms of the group health plan to the DCH Board. The School OPEB Fund is included in the State of Georgia Comprehensive Annual Financial Report which is publicly available and can be obtained at <https://sao.georgia.gov/comprehensive-annual-financial-reports>.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 14. OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

#### Plan Description (Continued)

##### Benefits

The School OPEB Fund provides healthcare benefits for retirees and their dependents due under the group health plan for public school teachers, including librarians, other certified employees of public schools, regional educational service agencies, and non-certified public school employees. Retiree medical eligibility is attained when an employee retires and is immediately eligible to draw a retirement annuity from Employees' Retirement System ("ERS"), Georgia Judicial Retirement System ("JRS"), Legislative Retirement System ("LRS"), Teachers' Retirement System ("TRS") or Public School Employees' Retirement System ("PSERS"). If elected, dependent coverage starts on the same day as retiree coverage. Medicare-eligible retirees are offered Standard and Premium Medicare Advantage plan options. Non-Medicare eligible retiree plan options include Health Reimbursement Arrangement ("HRA"), Health Maintenance Organization ("HMO") and a High Deductible Health Plan ("HDHP"). The School OPEB Fund also pays for administrative expenses of the fund. By law, no other use of the assets of the School OPEB Fund is permitted.

##### Contributions

As established by the DCH Board, the School OPEB Fund is substantially funded on a pay-as-you-go basis; that is, annual cost of providing benefits will be financed in the same year as claims occur. Contributions required and made to the School OPEB Fund from the Board were \$4,765,552 for the year ended June 30, 2020. Active employees are not required to contribute to the School OPEB Fund.

##### OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the District reported a liability of \$173,088,426 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019. The total OPEB liability used to calculate the net OPEB liability was based on an actuarial valuation as of June 30, 2018. An expected total OPEB liability as of June 30, 2019 was determined using standard roll-forward techniques. The District's proportion of the net OPEB liability was actuarially determined based on employer contributions to the School OPEB Fund during the fiscal year ended June 30, 2019. At June 30, 2019, the District's proportion was 1.410417%, which was an increase of 0.003229% from its proportion measured as of June 30, 2018.

#### Plan Description (Continued)

#### Actuarial Assumptions (Continued)

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale BB as follows:

- For TRS Members: The RP-2000 White Collar Mortality Table projected to 2025 with projection scale BB (set forward one year for males) was used for death after service retirement and beneficiaries. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward two years for males and four years for females) was used for death after disability retirement.
- For PSERS Members: The RP-2000 Blue Collar Mortality Table projected to 2025 with projection scale BB (set forward three years for males and two years for females) was used for the period after service retirement and for beneficiaries of deceased members. The RP-2000 Disabled Mortality Table projected to 2025 with projection scale BB (set forward five years for both males and females) was used for the period after disability retirement.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the pension system, which covered the five-year period ended June 30, 2014, and adopted by the pension Board on December 17, 2015. The next experience study for TRS will be for the period ending June 30, 2018.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2017 valuation were based on a review of recent plan experience done concurrently with the June 30, 2018 valuation.

Projection of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the Board and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

#### Plan Description (Continued)

#### Actuarial Assumptions (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Fixed income	30.00 %	(0.10) %
Domestic large equities	46.20	8.90
Domestic small equities	1.30	13.20
International developed market equities	12.40	8.90
International emerging market equities	5.10	10.90
Alternatives	5.00	12.00
Total	100.00 %	

\*Rates shown are net of the 2.50% assumed rate of inflation.

#### Discount rate

The discount rate has changed since the prior measurement date from 3.87% to 3.58%. In order to measure the total OPEB liability for the School OPEB Fund, a single equivalent interest rate of 3.58% was used as the discount rate. This is comprised mainly of the yield or index rate for 20 year tax-exempt general obligation municipal bonds with an average rating of AA or higher (3.50% per the Bond Buyer Index). The projection of cash flows used to determine the discount rate assumed that the current sharing of costs between the employer and the member will continue and that contributions from the employer will be made at the current level as averaged over the last five years, adjusted for annual projected changes in headcount. Projected future benefit payments for all current plan members were projected through 2119. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make OPEB payments for inactive employees through year 2026. Therefore, the calculated discount rate of 3.58% was applied to all periods of projected benefit payments to determine the total OPEB liability.

#### Plan Description (Continued)

**Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate:**

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.58%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58%) or 1-percentage-point higher (4.58%) than the current rate:

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)
District's proportionate share of the net OPEB liability	\$ 201,185,881	\$ 173,088,426	\$ 150,232,408

**Sensitivity of the District's proportionate share of the net OPEB liability to changes in the healthcare cost trend rate:**

The following presents the District's proportionate share of the net OPEB liability, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Cost Trend Rate	1% Increase
District's proportionate share of the net OPEB liability	\$ 145,808,660	\$ 173,088,426	\$ 207,735,799

#### OPEB Plan Fiduciary Net Position

Detailed information about the OPEB's plan's fiduciary net position is available in the Comprehensive Annual Financial Report ("CAFR") which is publicly available at [sao.georgia.gov/comprehensive-annual-financial-reports](http://sao.georgia.gov/comprehensive-annual-financial-reports).

## NOTES TO FINANCIAL STATEMENTS

### NOTE 15. DEFERRED COMPENSATION PLAN

The District offers its employees a tax deferred annuity plan created in accordance with Internal Revenue Code Section 403b. The plan, available to all District employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional.

It is the opinion of the District's legal counsel that the District has no liability for losses under the plan, but does have the duty of due care that would be required of an ordinary prudent investor. The District believes these assets are not available to satisfy the claims of general creditors in the future.

### NOTE 16. RISK MANAGEMENT

The District is exposed to various risks of loss for claims associated with torts; theft of, damage to and destruction of assets; errors and omissions; natural disaster; workers' compensation; unemployment compensation; and dental benefits.

The District is self-insured for workers' compensation and unemployment compensation. Premiums are paid into internal service funds by user funds and are available to pay claims, claim reserves, and administrative costs of the program. These interfund premiums are recognized as revenue in the internal service funds. The premiums are calculated on the basis of the percentage of that fund's payroll to total payroll. Liabilities are reported when it is probable that a loss has been incurred and the amount can be reasonably estimated including amounts of claims incurred, but not yet reported. An excess coverage insurance policy covers individual claims in excess of \$500,000 loss per occurrence, up to the statutory limit. The District has not experienced any significant reduction in insurance coverage from the previous years nor has it paid any settlements in excess of insurance coverage in the past three years.

Changes in the balances of claims liabilities for the past two fiscal years for the funds for which the District is self-insured are as follows:

<u>Workers' Compensation Fund</u>	<u>June 30, 2020</u>	<u>June 30, 2019</u>
Unpaid claims, beginning of fiscal year	\$ 1,346,942	\$ 1,084,703
Incurred claims and changes in estimates	1,493,977	2,570,626
Claim payments	<u>(1,872,049)</u>	<u>(2,308,387)</u>
Unpaid claims, end of fiscal year	<u>\$ 968,870</u>	<u>\$ 1,346,942</u>

As of June 30, 2020, \$500,000 of the unpaid workers' compensation claims are due within one year.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 17. COMMITMENTS AND CONTINGENCIES

The District is involved in a number of legal matters which either have or could result in litigation. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2020, may be impaired.

In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

The District is committed under outstanding construction contracts in the capital projects funds in the amount of \$10,426,559. Construction contracts include new school construction and expansion and renovation of existing facilities.

### NOTE 18. TAX ABATEMENTS

For the year ended June 30, 2020, the District's tax revenues were reduced by \$6,898,226 under agreements entered into by the Macon-Bibb County Industrial Authority and the Macon-Bibb County Urban Development Authority. Under these agreements, taxes on both real and personal property are reduced based on investments made by the corporation to whom the incentives were offered. In order to qualify, certain eligibility requirements must be met and are based on the economic development goals of each project. Generally, a project will create employment opportunities, promote trade and commerce in the County, and increase the tax base. If a company fails to meet the criteria established in the agreement, recovery payments may apply.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 19. SUBSEQUENT EVENT

In July 2020, the District issued \$15,550,000 of general obligation bonds. The interest rate on the Series 2020 bonds varies between 3.00%-5.00%, with final maturity on March 1, 2024.

### NOTE 20. RESTATEMENT OF PRIOR YEAR NET POSITION AND FUND BALANCE

In fiscal year 2020, the District adopted Governmental Accounting Standards Board (“GASB”) Statement No. 84, *Fiduciary Activities*. This statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on: 1) whether a government is controlling the assets of the fiduciary activity, and 2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position. The District restated beginning net position and beginning fund balance for the School Discretionary Fund, the Custodial Funds, and Governmental Activities for the cumulative effect of this accounting change. These changes are in accordance with generally accepted accounting principles.

### Changes of Assumptions

In 2010 and later, the expectation of retired life mortality was changed to the RP-2000 Mortality Tables rather than the 1994 Group Annuity Mortality Table, which was used prior to 2010. In 2010, rates of withdrawal, retirement, disability and mortality were adjusted to more closely reflect actual experience. In 2010, assumed rates of salary increases were adjusted to more closely reflect actual and anticipated experience.

On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to the rates of mortality, retirement, disability, withdrawal, and salary increases. The expectation of retired life mortality was changed to the RP-2000 White Collar Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB (set forward one year for males).

On May 15, 2019, the Board adopted recommended changes from the smoothed valuation interest rate methodology that has been in effect since June 30, 2009, to a constant interest rate method. In conjunction with the methodology, the long-term assumed rate of return in assets (discount rate) has been changed from 7.50% to 7.25%, and the assumed annual rate of inflation has been reduced from 2.75% to 2.50%.

<sup>1</sup> Per Audited Financial Statements.

<sup>2</sup> The increase in fund balance is primarily due to the issuance of the Series 2010 General Obligation Bonds (\$30,000,000) on September 29, 2010.

<sup>3</sup> The School District implemented GASB No. 54 for the fiscal year ended June 30, 2011.

<sup>4</sup> The \$6.2 million decrease in the General Fund balance was primarily due to the use of reserve funds to finance FY 2009 governmental operations.

<sup>5</sup> Continued reductions is due to the use of these funds to finance the 2005 Capital Improvement Program expenditures.

<sup>6</sup> The increase in fund balance is primarily due to the increase in furlough days taken by District employees coupled with a concerted effort to curtail expenditures.

<sup>2</sup> Decrease in Capital Outlay is due to the sunset of the 2005 Capital Improvement Program.

<sup>3</sup> Includes transfers from the SPLOST Fund to the Debt Service Fund for payment on the 2005 Bonds.

<sup>4</sup> The Extraordinary Item reflects an insurance reimbursement due to the District for tornado damage.

<sup>5</sup> Decrease in Interest Revenue is due to the reduction in funds available for investment as we complete the 2005 Capital Improvement Program projects as well as the significant reduction in interest rates.

<sup>6</sup> Decrease in state revenues and increase in federal revenues is due to the replacement of state revenues with federal revenues by the State of Georgia along with an increase in federal funding due to the receipt of ARRA funding.

**Notes:**

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Bibb County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.

Note: In fiscal year 2015, the School District implemented the Community Eligibility Provision (CEP), whereby all students are eligible to eat free and reimbursement is based on a pre-determined percentage of total meals served. The Academy for Classical Education (ACE) Charter School students are included in these totals.

In fiscal year 2020, reimbursement is based on claiming percentages instead of a pre-determined percentage of total meals served. Due to becoming a state charter school, the Academy for Classical Education (ACE) students are not included in the total.

<sup>30</sup> The District purchased a web-based software facility maintenance program in July 2011. As the floor plans were being transferred to the data base, it was discovered that a building which existed before the renovations in FY 2002 had been demolished, but the square footage was still being reported.

<sup>31</sup> The Academy for Classical Education ("ACE") charter school building is 200,000 square feet. But, as of June 30, 2015, they only occupied 130,000 square feet of that space. AS enrollment increases, more space of the building will be occupied. The Bibb County School District does not own this property.

<sup>32</sup> Burghard and Rice Elementary Schools were closed at the end of the FY 2015 school year. The students were consolidated and moved into the Southfield Elementary facility, which is the former Bloomfield Middle School building, at the beginning of the FY 2015-2016 school year.

<sup>33</sup> Danforth and Jones Elementary Schools were closed at the end of the FY 2015 school year. The students were consolidated and moved into the newly constructed Martin Luther King Jr. (MLK) Elementary facility at the beginning of the FY 2015-2016 school year. Starting July 2015, the Jones Elementary facility is currently being leased to the Macon-Bibb County Economic Opportunity Council, Inc. Head Start Program.

<sup>34</sup> Bloomfield Middle School was closed at the end of the FY 2015 school year. The students were consolidated with the Ballard Hudson Middle School students and moved into the Ballard Hudson Middle School facility at the beginning of the FY 2015-2016 school year.

<sup>35</sup> Hutchings College and Career Academy was closed at the end of the FY 2015 school year. The students were dispersed to their zoned high school.

<sup>36</sup> Barden Academy of Excellence, Bloomfield Academy of Excellence and Hutchings Academy of Excellence were closed at the end of the FY 2015 school year with the opening of the new Bibb County Alternative School. The Bibb County Alternative School is located on the campus of the former Hutchings College and Career Academy, which is now called SOAR Academy. SOAR Academy serves grades 6-12.

<sup>37</sup> Barden and Morgan Elementary Schools were closed at the end of the FY 2016 school year. The students were consolidated and moved into the newly constructed Veterans Elementary facility at the beginning of the FY 2016-2017 school year. This new facility is located on the old Morgan Elementary site. Starting July 2016, the Barden Elementary facilities is currently being leased to the Macon-Bibb County Economic Opportunity Council, Inc. Head Start Program.

<sup>38</sup> Macon Charter Academy, the District's second charter school, was closed in August 2016. The Bibb County School District does not own this property.

<sup>39</sup> School capacity figures have been updated to reflect the FTE Mid-Range calculated per GADOE regulation 160-5-4.16(a)4.

<sup>41</sup> In July 2017, the William S. Hutchings College and Career Academy located at the R.J. Williams Complex opened its doors to all high school students interested in high-demand industry pathways. The academy offers rigorous academics and stackable industry credentials. Students can experience courses and real-life application in eight Career, Technical and Agricultural Education (CTAE) pathways while earning both college and high school credit (dual enrollment). These courses are included as part of the student's regular high school schedule. Student transportation is provided to the academy from all home schools via school bus. Partnerships exist with Central Georgia Technical College and Mid-State Bank.

All other enrollment fluctuations are due to the transient population in this community.

Pre-Kindergarten classes are moved between sites based on the number of applications received.

#### IV. SINGLE AUDIT SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

---

**To the Members of the Board of Education  
of the Bibb County School District  
Macon, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bibb County School District (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 28, 2021.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

---

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a significant deficiency.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **The District's Response to Findings**

The District's response to the finding identified in our audit is described in the accompany schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

---

**To the Members of the Board of Education  
of the Bibb County School District  
Macon, Georgia**

### **Report on Compliance for Each Major Federal Program**

We have audited the Bibb County School District's (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Bibb County School District's major federal programs for the year ended June 30, 2020. The District's major federal programs are identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

---

### **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### **Report on *Internal Control Over Compliance***

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

---

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **B. FINDINGS: FINANCIAL STATEMENTS AUDIT**

#### **2020-001. Reconciliation of Cash**

Criteria: Generally accepted accounting principles require that cash accounts are reconciled periodically and that reconciling items are cleared within a timely manner.

Condition: Cash accounts as of June 30, 2020 were not reconciled properly.

Context: Several adjustments were required in the General Fund to either correct cash or to properly classify cash and payable balances for the fiscal year ended June 30, 2020.

Effect: Audit adjustments were required to properly reflect cash, payables, expenditures, and interfund transfers in the General Fund as follows:

- An increase to expenditures by \$85,623, a decrease to payables by \$2,596,150, and a decrease in cash balances by \$2,681,773;
- An increase to cash and a decrease to expenditures in the amount of \$4,341;
- A decrease to payables and a decrease to cash in the amount of \$64,485;
- An increase to expenditures and a decrease to cash in the amount of \$205,091;
- An increase to cash and an increase to interfund transfers in the amount of \$8,115;
- An increase to cash and an increase to payables in the amount of \$49,754; and
- An increase in expenditures by \$3,667, an increase in cash by \$145,710, and an increase in payables by \$149,377.

Recommendation: We recommend strengthening internal controls over the bank reconciliation process to ensure amounts are properly classified.

Views of Responsible Officials and Planned Corrective Action: We concur. We will strengthen internal controls over the cash function to ensure proper reporting.

### MANAGEMENT'S CORRECTIVE ACTION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2020

---

#### 2020-001. Reconciliation of Cash

**Name of Contact Person Responsible for Corrective Action Plan:** Sharon Roberts, Executive Director of Accounting

**Corrective Action Plan:** The timely reconciliation process of all bank accounts is critical to accurate financial reporting and cash flow projections. The Executive Director of Accounting has implemented a monthly meeting with both the Accounting Manager and the accountant responsible for bank reconciliations. This meeting will ensure that all bank reconciliations are completed timely and all reconciling adjustments are made on the accounting books of the District no later than 30 days after the receipt of the bank statements.

**Anticipated Completion Date:** Fiscal year 2021
