HAPPY BIRTHDAY TO OUR HUSKIES BORN IN JANUARY!

NURSE'S CORNER

January is National Blood Donor Month!

The winter is one of the most difficult seasons to collect blood, due to holidays, inclement weather, and seasonal illnesses. Typically, blood drives are hosted throughout the community as well as twice a year here at Howard High School. For additional information about school-based donation, please contact Mrs. Farriba or Mrs. Fincher. For additional information about community-based donation, please contact the America Red Cross at <https://www.redcrossblood.org>.

General Guidelines for Blood Donation

- Be in good general health and feeling well.

- Maintaining your iron level is an important part of being a healthy donor. We encourage you to [learn more](#) about iron and donating blood
- Be at least 17 years old in most states (16 years old with parental consent in some states).
- Weigh at least 110 lbs. Additional height and weight requirements apply for donors 18 years old and younger and all high school student donors.
- Have not donated blood in the last 56 days.

How should I prepare for my blood donation?

Please make sure to bring your photo identification or Red Cross donor card with you. You should feel well on the day of donation. If you're not feeling well, we ask that you wait and donate when you're better. Here are some other helpful tips to prepare:

- Get at least eight hours of sleep the night before your appointment
- Eat a healthy breakfast or lunch – or both, if you're donating later in the day
- Choose lean proteins (lean meat, cheese and yogurt) or complex carbohydrates (bread, cereal and fruit) and avoid fatty foods
- Drink a few extra glasses of water, including an extra glass about 10 to 30 minutes before your donation
- Wear comfortable clothing with sleeves that can be raised above your elbow

It is also important that you have a good understanding of your medical history. You will be asked a series of questions that are personal in nature – about travel, medication, drug use and sex. It's important you answer questions honestly. Remember, your answers are confidential.

What should I do after my blood donation?

- Keep the strip bandage on for the next several hours; to avoid a skin rash, clean the area around the bandage with soap and water.
- Don't do any heavy lifting or vigorous exercise for the rest of the day.
- If the needle site starts to bleed, apply pressure and raise your arm straight up for 5-10 minutes or until bleeding stops.
- Call us at 1-866-236-3276 to report any additional health information that you forgot to tell us, if you have any problems or if you needed medical care after giving blood.
- If you experience dizziness or lightheadedness, stop what you're doing and sit down or lie down until you feel better; avoid performing any activity where fainting may lead to injury for at least 24 hours.
- Keep eating [iron-rich foods](#).
- If you donate frequently, be sure to take multivitamins with iron to ensure you continue to [replenish your iron stores](#) before your next donation.

SELF-CARE CORNER BY ELLIE FARRIBA

As this month ends, it is important to pause and reflect on the incredible work that you've accomplished and the impact you have made on your students' lives. However, it is equally important to remember to show yourself some loving kindness amid all the challenges and busyness of the month. Today, let's close out the month with some self-compassion and self-care.

Reflect and Appreciate: Take a few moments to reflect on the positive experiences you have had this month. Acknowledge the effort and dedication you put in every day. Allow yourself to enjoy the satisfaction of making a difference.

Pamper Yourself: Treat yourself to something that you enjoy and that brings you joy. Prioritize any activity that rejuvenates your spirit: go for a walk, take a bubble bath, get a massage or a facial, play pickleball...whatever you love to do, just do it! Remember, taking care of yourself is NOT SELFISH but NECESSARY for your WELL-BEING.

Practice Mindfulness: Find moments of stillness and engage in mindfulness exercises. Close your eyes, breathe deeply in and out, and focus on being present. Embrace the calmness that comes with being fully present and allow yourself just "to be".

Connect with Others: Reach out to a fellow teacher who understands the unique challenges you face as an educator. Grab a coffee, exchange ideas, or simply have a meaningful conversation. Connecting with others who empathize with your journey can provide a sense of support and validation.

Remember, you are doing an incredible job as an educator, and your well-being matters. Close out the month with some loving kindness toward yourself. By doing so, you are replenishing your energy and resilience, which will ultimately benefit you and your students.
